CARATTERISTICHE

characteristics / caractéristiques

- 1** Telaio Universo rivestito con decorativo. Coprifilo interno ed esterno da 82mm con ala telescopica da 35mm. Guarnizione effetto tela per porta a battente.

EN: Universo frame coated with decorative finish. 82mm internal and external architrave with 35mm telescopic wing. Fabric-effect gasket for swing door.

FR: Huisserie (ou cadre) Universo revêtue d'un décoratif. Couvre-joint (ou chambranle) intérieur et extérieur de 82mm avec aile télescopique de 35mm. Joint à effet tissu pour porte battante.

- 2** Pannello porta vetrato, intelaiatura alluminio.

EN | Glazed door panel, aluminium frame.

FR | Panneau a ame alveolaire.

• CERNIERE A LIBRO

EN | Butt hinges.

FR | CCharnières / Paumelles.

MINIMA

Luce

Luce 4

Gran Luce

A modern glass door with a silver frame and a horizontal handle, set against a light blue wall. The door is partially open, revealing a glimpse of the interior. The handle is a simple, rectangular silver piece. The wall is a solid, light blue color. The floor is a light gray. The overall aesthetic is clean and minimalist.

punto•

Con *punto* si inizia a scrivere una nuova pagina nel mondo delle porte mettendo fine a tutto quello che c'è stato finora. Linee pulite con venature e tonalità naturali uniche. Una porta semplice ma elegante in grado di creare un ambiente moderno e familiare.

punto is a full stop that puts an end to an old chapter and starts writing a new page in the world of doors design. Clean smooth appearance with unique natural shade and grain variations. A simple yet elegant internal door able to create a modern, homely living environment.

ENFASI

parentesi]

Il pannello a venatura trasversale racchiuso tra due doghe a venatura verticale è la caratteristica prevalente del modello *parentesi*. Una porta dal gusto irresistibile. Molte delle finiture della collezione *appunti* si caratterizzano per una superficie materica, con la venatura in rilievo al tatto ed il poro che segue il senso vena del legno.

In the *parentesi* model the brackets are recalled by two stiles with a vertical grain enclosing a panel with a horizontal grain. A door with an irresistible look. Most of *appunti* collection finishes show a materic surface, with a touch raised grain and a pore in the same grain of wood.

duepunti

La classica porta a telaio viene reinterpretata nel modello duepunti e arricchita con un'elegante ferramenta in tinta.

In duepunti model the classic framed door becomes a new stylish door thanks to the elegance of the tone on tone hardware.

metafora

metafora sintetizza al meglio la leggerezza e la luminosità di una porta con vetro a tutta altezza. Una poesia accentuata anche dai raffinati decori dei vetri, tra i quali spicca il fior di pesco.

metafora is the summary of lightness and brilliance of a door with full height glass. A poem underlined by the refined glass decorations, like the outstanding fior di pesco.

anagramma

anagramma è la porta a telaio con vetro stratificato liscio o decorato, disponibile come tutti i modelli nella versione battente, scorrevole interno, esterno muro o rototraslante.

anagramma model is the glass framed door with smooth or decorated laminated glass, available as hinged door or sliding inside / outside the wall door or rototranslating.
